Karma Report Preview

81/100 | Mixed karma with strong correction potential

Executive Summary

- Sun is the central soul planet, showing the main lesson of conscious maturity in this lifetime.
- D60 Lagna is Gemini. The karmic identity carries communication, learning, trade, counseling and intellectual karma. The soul must use speech and knowledge ethically. Ketu in D60 Lagna adds a strong past-life imprint of detachment, spiritual residue, incomplete self-identity or unfinished personal direction. The soul may feel internally different from others and must consciously build clarity, confidence and grounded communication.
- Rahu/Ketu shows From personal intelligence to social contribution. This axis explains the movement from old comfort zone karma to present-life growth.
- Main detected karmic themes: Identity and self-discipline karma, Network, gains and audience karma, Past-life knowledge to public contribution.
- Overall Karma Score: 81/100 — Mixed karma with strong correction potential. Karmic Debt Pressure is High.

Karma Score Dashboard

Past-Life Punya

Blessings, protection, recoverability and dharmic support.

19/20

Karmic Debt Pressure

Higher value means stronger pressure to consciously correct patterns.

20/20

Soul Lesson Clarity

How clearly the Atmakaraka defines the soul lesson.

14/15

Rahu/Ketu Axis

Activation

How strongly the past-life to present-life growth axis is activated.

14/15

Atmakaraka Usability

How usable the soul planet is for conscious growth.

11/15

Remedy Responsiveness

How effectively service, discipline and lifestyle can improve karma.

14/15

Karmic Debt Pressure: High

Karmic Debt Pressure is intentionally shown separately. A high debt score does not mean failure; it means stronger correction work and stronger transformation potential.

D60 Karma Blueprint

D60 Lagna: Gemini

Lagna Message: The karmic identity carries communication, learning, trade, counseling and intellectual karma. The soul must use speech and knowledge ethically. Ketu in D60 Lagna adds a strong past-life imprint of detachment, spiritual residue, incomplete self-identity or unfinished personal direction. The soul may feel internally different from others and must consciously build clarity, confidence and grounded communication.

AK in D60: Sun in Gemini, D60 house 1

Past-Life Pattern: knowledge, speech, trade, calculation, teaching or advisory karma; authority, visibility, father or leadership karma directly tied to self-identity; mother, public emotions, family memory and emotional identity karma; past-life detachment, spiritual residue, isolation or incomplete self-direction carried into the present life; unfinished desire, unconventional karmic thread or strong worldly hunger needing ethical direction; duty, service, labor, delay, responsibility or social burden karma

Punya Indicators: Sun in Gemini / house 1; Moon in Gemini / house 1; Ketu in Gemini / house 1; Venus in Libra / house 5; Jupiter in Aquarius / house 9

Pressure Points: Saturn in Capricorn / house 8; Mars in Taurus / house 12

Soul Correction:

- Keep speech clean, promises accurate, and advice ethical.
- Use leadership with humility; become a guide, not a controller.
- Stabilize emotions and heal mother/family memory patterns.
- Build a grounded identity through daily discipline, clear communication and humble spiritual practice.
- Accept responsibility, time discipline and service to workers or elders.
- Keep ambition ethical and avoid shortcuts or image-based decisions.

Atmakaraka Soul Lesson

Planet: Sun

Theme: Ego, authority and righteous leadership

D1 Placement: Cancer sign, 11 house

D60 Placement: Gemini sign, D60 house 1

Soul Lesson: The soul is learning the right use of authority, confidence and recognition. The karmic challenge is not lack of ability, but the correct handling of ego, father/authority karma, leadership, visibility and self-respect. In D60, Sun sits in the karmic identity zone, so this lesson becomes very personal and visible in life choices.

Shadow Pattern: Pride, hurt ego, authority conflict, need for recognition, pressure to prove oneself, or difficulty accepting genuine guidance.

Higher Expression: Become a guide, not a controller. Use visibility, status and confidence to protect, uplift and bring clarity.

Rahu/Ketu Karmic Axis

Axis: 5 / 11

Theme: From personal intelligence to social contribution

Ketu: House 5 / Capricorn

Rahu: House 11 / Cancer

Leave Behind: Do not remain trapped only in personal brilliance, ego validation or isolated knowledge.

Develop Now: Build communities, serve groups, create gains through networks and share knowledge at scale.

Client Message: The soul is moving from individual brilliance, personal knowledge, mantra, creativity and past-life intelligence toward social contribution, networks, audience, communities and larger gains. The lesson is to stop depending only on personal talent and start creating impact through groups, platforms and community.

Karmic Life Area Analysis — Part 1

This section shows which life areas carry stronger karmic pressure, why they are activated, and how the client can correct them consciously.

Family Karma

High

Astrological reason:

- Moon is connected with Lagna, making emotional and family memory very personal.
- D60 Lagna carries Moon/Ketu imprint, showing inherited emotional residue and past-life family memory.
- Ketu in the 5th can show old samskara around children, learning, mantra and family lineage intelligence.

Interpretation: Family patterns are not only about relatives; they show the emotional memory the soul carries. The chart asks the person to respond with maturity instead of repeating inherited reactions.

Correction guidance: Practice gratitude toward family roots, maintain clean speech at home, and avoid carrying old emotional hurt into new decisions.

Relationship Karma

High

Astrological reason:

- Venus is in house 10, showing relationship values must be handled consciously.
- Venus appears in D60 house 5, adding relationship/value karma to the soul blueprint.
- Lagna has strong emotional/action/discipline planets, so reactions can affect relationships.

Interpretation: Relationships become a mirror for maturity, respect, emotional regulation and value clarity. The soul must avoid ego-based or reactive responses.

Correction guidance: Listen before reacting, keep promises realistic, and use affection with responsibility rather than expectation.

Career Karma

High

Astrological reason:

- Venus in the 10th connects karma with public image, counseling, guidance, design, comfort or value creation.
- Sun/Mercury/Rahu in the 11th supports career through audience, clients, networks and platforms.
- Sun Atmakaraka makes visibility, leadership and authority central to the soul lesson.

Interpretation: Career karma improves when the person becomes visible for the right reason: service, guidance and responsible leadership, not only recognition.

Correction guidance: Build a public contribution system: teaching, consulting, publishing, community service or structured professional guidance.

Money Karma

High

Astrological reason:

- Rahu in the 11th gives strong desire for gains, audience, networks and larger income channels.
- Sun/Mercury in the 11th supports gains through intelligence, communication, advisory work and visibility.
- Jupiter in the 12th asks wisdom with expenses, foreign links, charity and spiritual use of resources.

Interpretation: Money karma is connected with networks and ethical expansion. Gains can grow through community and knowledge, but shortcuts or image-based decisions should be avoided.

Correction guidance: Create clean income channels, document finances, donate regularly, and avoid speculative decisions during emotional highs.

Karmic Life Area Analysis — Part 2

Health Karma

High

Astrological reason:

- Moon, Mars and Saturn connected to Lagna make body, stress, discipline and emotional rhythm important.
- D60 dusthana pressure shows old karmic stress patterns that require disciplined correction.
- Saturn in Lagna rewards routine, patience and long-term health discipline.

Interpretation: Health karma is strongly linked to routine, emotional regulation, discipline and timely correction. The body becomes a karmic feedback system.

Correction guidance: Keep fixed sleep, food, movement and stress-release routines. Avoid anger, overthinking and irregular habits.

Spiritual Karma

High

Astrological reason:

- Ketu in the 5th shows past-life familiarity with mantra, knowledge, creativity or spiritual intelligence.
- Jupiter in the 12th supports moksha, foreign/spiritual learning and inner guidance.
- Ketu in D60 Lagna gives spiritual residue and detachment in the karmic identity.

Interpretation: The person carries spiritual residue, but the lesson is to make spirituality practical and grounded rather than escapist or superiority-based.

Correction guidance: Practice daily mantra/meditation, serve without display, and convert knowledge into guidance for others.

Speech / Communication Karma

High

Astrological reason:

- Gemini/Virgo influence connects karma with speech, learning, analysis and advisory ability.
- Sun/Moon/Ketu in D60 Lagna makes words, identity and inner intention karmically sensitive.
- Mercury in the 11th supports communication to groups, clients, networks and audience.

Interpretation: Speech is a major karmic tool. Words can heal, teach and attract networks, but inaccurate promises or ego-based advice can create karmic debt.

Correction guidance: Speak truthfully, avoid exaggeration, document commitments and use teaching/counseling skills ethically.

Father / Authority Karma

High

Astrological reason:

- Sun as Atmakaraka makes father, authority, confidence and visibility a central soul lesson.
- Sun in D60 Lagna makes authority karma part of the core karmic identity.
- Sun in the 11th asks leadership through networks, society and larger contribution.

Interpretation: Authority karma is strong. The person must develop confidence without pride and leadership without domination.

Correction guidance: Respect lawful authority and father figures, but also become a mature authority through humility, protection and clarity.

Mother / Emotional Karma

High

Astrological reason:

- Moon in Lagna brings mother, mind and emotional patterns directly into identity.
- Moon in D60 Lagna shows emotional memory and nurturing karma carried deeply by the soul.
- Ketu with D60 identity can create detachment or inner distance in emotional bonding.

Interpretation: Emotional karma is active. The soul must stop reacting from old memory and create inner stability.

Correction guidance: Use journaling, forgiveness, mother-line gratitude, water discipline and calm communication before important decisions.

Final Client Guidance

Main Karmic Lesson

Sun teaches conscious maturity. The soul must use its natural ability with humility, responsibility and service rather than ego, fear or old habit.

Biggest Strength

The chart shows strong correction potential through identity and self-discipline karma, disciplined practice and useful guidance to others.

Biggest Risk

The main risk is repeating old karmic reactions when pressure rises. Karmic Debt Pressure is High, so awareness and consistency are more important than quick remedies.

Best Correction Path

Build communities, serve groups, create gains through networks and share knowledge at scale.

Overall Karma Score: 81/100 - Mixed karma with strong correction potential. This report does not label karma as punishment. It shows the soul pattern, the correction path and the practical actions through which the client can convert pressure into wisdom, service and growth.

Detected Karmic Themes

Identity and self-discipline karma

High

Lagna or Atmakaraka links show the soul is strongly working through body, identity, discipline and self-mastery.

Network, gains and audience karma

High

The 11th house is activated, showing karmic growth through community, clients, gains, audience and large networks.

Past-life knowledge to public contribution

High

The 5/11 axis converts personal intelligence, mantra or creativity into larger social contribution.

Career, values and public image karma

Medium

Venus connected with career indicates work involving guidance, relationships, design, comfort, counseling, beauty or value creation.

Spiritual wisdom and foreign/moksha karma

Medium

Jupiter linked with the 12th or D60 trine indicates spiritual learning, foreign connection and guidance karma.

Responsibility and delayed-fruit karma

High

Saturn strongly influences the chart, so maturity, service and patience become major correction tools.

Remedies & 40-Day Plan

Daily Remedies

- Offer water to the rising Sun with gratitude.
- Respect father, mentors and lawful authority.
- Take leadership only with humility and service intent.

Weekly Remedies

- One act of anonymous service every week.
- Feed or support someone connected to the Atmakaraka.
- Review one repeating pattern and write the correction action.
- Build one useful network action weekly: teach, publish, connect or serve a community.
- Use mantra, learning or creativity for service, not only personal pride.

40-Day Karma Healing Plan

Day 1-7: Observe repeating patterns and write one karmic trigger daily.

Day 8-14: Correct speech, promises and emotional reactions.

Day 15-21: Do one service action linked to the Atmakaraka.

Day 22-28: Strengthen discipline: sleep, food, time and pending duties.

Day 29-35: Meditation/mantra plus forgiveness of one old pattern.

Day 36-40: Create a new sankalpa and measurable life correction plan.
